ABOUT MERCHANT NAVY

The Merchant Navy is the name given to the international commercial shipping industry. It is made up of several shipping companies who recruit civilians as their seafarers. Companies vary greatly in the size of ship, types of ship and areas of the world where they operate.

Is the merchant navy a promising career?

Higher salary

a job in this field is lucrative because of the higher salary and growth potential. Also, most of these jobs offer other perks along with the salary.

Chance to travel

as you transport goods from one place to another, you may get a chance to travel to different parts of the world.

Exposure to different cultures

a professional working in this field often meets people from different cultures and nationalities. It helps them learn nuances of other cultures and increases their adaptability to work with individuals from different countries.

Extensive work exposure

as you may spend most of your work hours on the ship, you are likely to face unprecedented situations and emergencies.

How to join the merchant navy

To know how to join the merchant navy, follow these steps:
